

**Klick&Show**

# K-40

**Just present the way you like: with or without WiFi transmitter – with or without PC-client – all mixed in the same meeting!**

- > **Universal**, cross-platform wireless solution for BYOD presentation
- > **BYOD** – Present wirelessly via transmitter, Apps for Windows, MacOS, Android or via AirPlay, Miracast and Google Cast
- > **Best picture quality** via HDMI output in 4K60 resolution
- > **Split-Screen function** for simultaneous presentation of up to 4 participants on the main display
- > **4 types of Klick&Show transmitters** are available to choose from: 4K and 1080P, both HDMI and USB-C
- > **Add more transmitters** to include more participants in the meeting and to increase device compatibility
- > **Full enterprise network integration** possible, with total control for administrators via the built-in web interface or the free ManageTool
- > **Intuitive-to-use** and secure

Klick&Show K-40 Base Unit is a universal wireless presentation system, which perfectly fits into meeting rooms, huddle spaces as well as class- and training rooms, supporting BYOD (Bring your own device). Klick&Show allows users to share audio-visual content from their laptops or mobile devices in a simple way – with no cables, no hassle, and no wasted time.

Complete your Klick&Show system with the matching Klick&Show WiFi transmitters. Simply connect a transmitter to your device and click the Show button to mirror live content to the main screen. Keep your meeting table perfectly organized with the TRAY-4K in a matching design.

Laptop users without transmitter simply launch the Klick&Show client App for Windows or MacOS to mirror content to the main screen. Content from mobile phones and tablets can be shared just as easily via AirPlay, Miracast, Google Cast or via the free Android App.

# Details

## Technical specifications

Wireless mirroring of screen content (BYOD)
Wireless transmission of USB camera/audio (BYOM)
Compatible transmitters
Windows 10 / 11
macOS
Mobile devices
Miracast support
Maximum resolution, wireless
Simultaneous connections RJ45
Simultaneous connections internal WLAN
Splitscreen
Low latency mouse cursor
Touch-back / USB-HID support
WiFi frequency band
WiFi standard
WiFi antennas
WiFi bandwidth
Security standard
HDMI output
HDCP version
HDMI input / max. resolution
Audio input
Audio output (analog)
USB 2.0 (type C)
USB 2.0 (type A)
USB 3.0 (type C)
USB 3.0 (type A)
USB 3.0 (type B)
LAN (RJ45)
PoE standard
Control
Power consumption
